for the Navayat Muslims who have to go take funeral to the very far end of the Old Bhathal Fosa which is situated away from their Colony. The difficulty, they represent, will be all the more evident when in monsoons particularly it would be very much inconvenient and as such they request that Govt may be moved to grant them the land they have prayed for.

12 RD have no objection to the proposal as could be seen from the reports of their officers.

13 In the circumstances we may perhaps accept the proposal ~~of the RD~~ as the land asked for is for a general purpose of the minor community viz, Indian Muslims, with the kind approval of Govt in the matter.

27/10/60. 14 The land asked for may be sanctioned as agreed to by RD.

15 3/10 The D.F.O has in his report dated 23.9.60 at page 105 of the case papers has stated that

that there is no objection from the forestry point of view to release 10 acres for the burial ground since it is a minor forest devoid of tree growth, but he feels that setting aside 10 acres as burial ground may be excessive. The C.F agrees with the view of the A.F.O (vide page 66 of the cases file) the Divisional Commr has recommended disafforestation of 10 acres for the purpose - vide page 7 c.f. for orders

~~D.S~~

As far as I could see there is no indication of the ~~and~~ population of the village - where the burial ground is wanted. This would be the main criterion for granting land for burial ground. In view of the recommendation of the C.F. Belgaum we may not have any objection to disforest the land, but the area of 10 acres appears to be too much - we may perhaps request RD to examine if they cannot do with a less area - say - 2 or 5 acres -

Sir,

Please refer to your letter no. FOR/GFI/SR-411 dt 23-9-60 addressed to the C.F. Belgaum on the subject of grant of land for the burial ground.

I am directed to state that Govt feels that the area of 10 acres now applied for by the Navayat Muslims, is large for the purpose of the burial ground. I am therefore ~~directed~~ to state that the portion which is meant for housing sites need not be great. Letter.

Subject :- Grant of Forest land for burial ground for Navayat Colony at Bhatkal.

No. FOP/GFL/SR-411 of 1960-61.
Karwar, 24 December, 1960.

To

The Secretary to Government,
Agriculture and Forest Department,
Mysore, Bangalore.

Reference :- Government letter No.AFD/40 FGN 60 dated 16-11-1960.

I inspected the forest area in S.No. 66A of Jali village with the following leading persons of the Navayat colony viz (1) Shri M.H.Abdul Safar, Chairman Bhatkal Municipality, (2) Shri S.M.Sayad Mohidin, Member, State Fisheries advisory board, (3) Shri B.Sayad Usman, Municipal Councilor, (4) Shri S.M.Sayad Ali etc. keeping in view the area and the location aspects as indicated in the Government letter under reference.

2. The area of 10 acres was no doubt considered rather big by me at the first thought, but the Revenue Department officers who had looked into the matter appear to have fixed the location for burial ground on a permanent basis and that during years to come, the community may not be faced with inadequacy since it was a 'burial' not cremation proposition.

3. The site that was proposed and recommended for grant was 66-A-I. This is part of F.S.No. 66-A which wholly lies behind the colony site which faces the main highway. This no doubt touches the colony area, and was according to me inconvenient, being too near to habitation. Again a temple is built recently over an older shrine at the Western end of the site. With this in view, I proposed the shift of site to 66-A-II which is on the other side of the path leading to Jali village from the main highway. The prominent Navayat members agreed to this.

4. The Navayat leaders did not favour the shift of burial ground to further distance since the Navayat residences have sprung up in the Non-colony area also i.e. in Malki lands all round the F.S.No. 66-A. The site 66-A-II would meet the requirements of the Community being placed central to all residences round about. Moreover there is no site which could be granted within a mile distance from the Colony. The Nawayat leaders accepted to have the Burial Ground laid in 66-A-II instead of the proposed 10 acres in 66-A-I. These are indicated in the sketch.

5. As a measure of proper utility of the ground, the plot 66-A-II was got divided into 3 plots, the central 5 acres being the first portion to be used instead of the whole area admeasuring 8 acres 24 gunthas. The central part denoted 'A' will serve as immediate burial ground and when need arises the people may shift to 'B' and then last 'C'. To this, the leaders of the Nawayat Community have agreed. Besides, in order to detach the burial ground a patch 10' wide has been got laid out for tree planting etc., all around which is also acceptable to them.

L sub

6. (P.T.O)

6. The proposal in short will therefore be

(1) The population of the New Nawayat Colony and their population round about the Bhatkal plato may be granted an area of 8 acres and 24 gunthas in F.S.No. 66-A of Jali to serve as a burial ground as indicated in the sketch. (Plot No. IV)

(2) The people may first bring into use the central patch of 5 acres in this plot and when need arises may get into plots B and C successively later.

(3) A path of 10' running all round the plot be maintained with ornamental tree planting etc.

7. A provision imbibing the above requirements be made in the colonization scheme.

In view of this I have to recommend that the original proposal granting 10 acres from 66-A plot I may be dropped.

Sub:- Grant of Forest Land for burial ground for Navayat Colony at Bhatkal.

....

As desired by you over the phone yesterday I am enclosing a copy of this office letter of even number dated 23-3-1961 with copies of its accompaniments on the above subject.

Yours sincerely

(N.S.Dhareshwar)

Shri S.V.Prabhu, M.A.,
Under Secretary to Government,

Ref:- Government letter No.AFD|40 FGN 60 dated 16-11-1960.

P 67/CF

I inspected the forest area in S.No.66A of Jali village with the following leading persons of the Navayat Colony viz. (1) Shri M.H.Abdul Gafar, Chairman, Bhatkal Municipality, (2) Shri S.M.Sayad Mohidin, Member, State Fisheries Advisory Board, (3) Shri B.Sayed Usman, Municipal Councilor, (4) Shri S.M.Sayad Ali etc. keeping in view the area and the location aspects as indicated in the Government letter under reference.

2. The area of 10 acres was no doubt considered rather big by me at the first thought, but the Revenue Department officers who had looked into the matter appear to have fixed the location for burial ground on a permanent basis and that during years to come, the community may not be faced with inadequacy since it was a 'burial' not cremation proposition.

3. The site that was proposed and recommended for grant was 66-A-I. This is part of F.S.No.66-A which wholly lies behind the colony site which faces the main highway. This no doubt touches the colony area, and was according to me inconvenient, being too near to habitation. Again a temple is built recently over an elder shrine at the Western end of the site. With this in view, I proposed the shift of site to 66-A-II which is on the other side of the path leading to Jali village from the main highway. The prominent Navayat members agreed to this.

4. The Navayat leaders did not favour the shift of burial ground to further distance since the Navayat residences have sprung up in the non-colony area also i.e. in Malki

Contd...2.

lands all round the F.S.No.66-A. The site 66-A-II would meet the requirements of the community being placed central to all residences round about. Moreover there is no site which could be granted within a mile distance from the colony. The Navayat leaders accepted to have the burial ground laid in 66-A-II instead of the proposed 10 acres in 66-A-I. These are indicated in the sketch.

5. As a measure of proper utility of the ground the plot 66-A-II was got divided into 3 sub plots, the central 5 acres being the first portion to be used instead of the whole area admeasuring 8 acres 24 gunthas. The central part denoted 'A' will serve as immediate burial ground and when need arises the people may shift to 'B' and then last 'C'. To this, the leaders ~~may~~ of the Navayat Community have agreed. Besides, in order to detach the burial ground a path 10' wide has been got laid out for tree planting etc., all around which is also acceptable to them.

6. The proposal in short will therefore be -

1) The population of the New Navayat Colony and their population round about the Bhatkal plato may be granted an area of 8 acres and 24 gunthas in F.S.No.66-A of Jali to serve as a burial ground as indicated in the sketch (Plot No.II)

2) The people may first bring into use the central patch of 5 acres in this plot and when need arises may get into plots B and C successively later.

3) A path of 10' running all round the plot be maintained with ornamental tree planting etc.

A provision imbibing the above requirements be made in the colonization scheme.

In view of this I have to recommend that the original proposal granting 10 acres from 66-A plot I may be dropped.
